

The most powerful mobile office

Harness the power of the HTC Advantage, the ultimate mobile office. This cutting edge mobile device is a first for business functionality with high-speed global connectivity and PC-style power – yet it will easily fit in your pocket. Smaller and lighter than a laptop, but packed with many business and multimedia features you'd find on your laptop, it's the essential tool for the upwardly mobile business professional.

You can download and work on Microsoft® Office documents and be instantly notified of emails with Microsoft® Windows Mobile® 5.0 using Direct Push technology. This coupled with the full keyboard makes typing messages and keeping up with contacts effortless.

The HTC Advantage is not just a productive worker, but it's a great entertainer too. With up to 8 hours' battery life and a huge 5-inch VGA colour touch screen, use it all day to watch videos, browse the web, or navigate anywhere with inbuilt GPS and TomTom NAVIGATOR 6.

A huge 8GB hard drive and handy miniSD™ are great for storage. The on-board 3.0 megapixel camera and second VGA camera allow you to make video calls, add 3G, Wi-Fi® and stereo Bluetooth® 2.0 and a world of communication opens up! As you can see the days of the laptop are numbered.

Smart work, smarter life, the smartest choice. The HTC Advantage.
